LED Chip:  
Material: Aluminum  
Wattage:  
CCT: 3000K

## NIVORA

The Nivora LED Spike Spotlight by Brilla Lights is designed to highlight the beauty of your outdoors with precision and elegance. Its adjustable head and focused beam make it ideal for accentuating trees, plants, sculptures, and architectural details. Built from durable aluminum with energy-efficient COB LED technology, it ensures powerful illumination, long-lasting performance, and flexibility for any landscape setting.

### FEATURES:

- Sleek, modern design
- Adjustable spotlight
- Soft, glare-free LED light
- Weatherproof (IP65)
- Uniform illumination
- Efficient thermal management

### BR-C202293

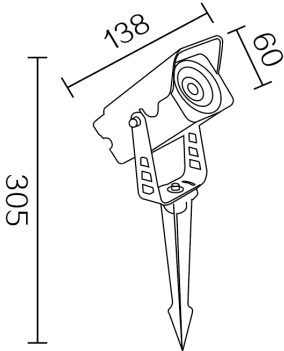

Size: 75\*95\*350MM  
LED Chip: Bridgelux COB  
Material: Aluminum  
Wattage: 10W  
CCT: 3000K

# KELORA

Sleek and durable, the Kelora LED Spike Light is perfect for pathways, gardens, and landscapes. Built with a powder-coated aluminum body and Bridgelux LED, it delivers warm, glare-free illumination with efficient performance. Easy to install and designed for outdoor elegance.

## FEATURES:

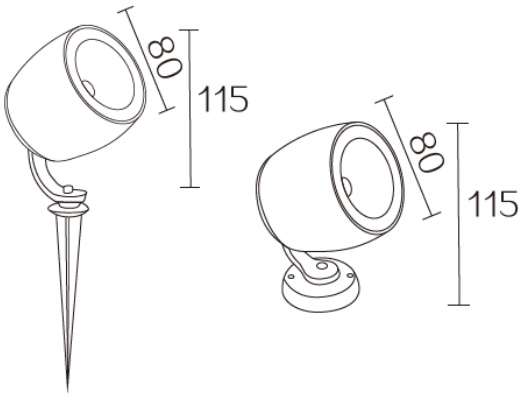

- Modern, compact design
- Glare-free, uniform lighting
- Durable aluminum body
- Energy-efficient 15W LED
- Easy ground spike installation
- Ideal for pathways & landscapes

### BR-C2022150A

Size: 60\*138\*305MM  
LED Chip: Bridgelux  
Material: Aluminum  
Wattage: 15W  
CCT: 3000-3500K

# NORA

The Nora LED Light is a compact and versatile fixture designed for outdoor landscapes. With its powder-coated aluminum body and Bridgelux COB LED, it provides bright, uniform illumination while maintaining a sleek modern look. Suitable for both ground spike and surface mounting, it's ideal for highlighting pathways, plants, and architectural features.

## FEATURES:

- Compact, modern design
- High-efficiency Bridgelux COB LED
- Glare-free, warm white lighting
- Durable aluminum housing
- Easy spike or base installation
- Perfect for pathways, gardens & accents

### BR-Z21010/80

SIZE:φ80\*115MM  
LED Chip:BRIDGELUX COB  
Material: Aluminum  
Wattage:10W  
CCT:3000K

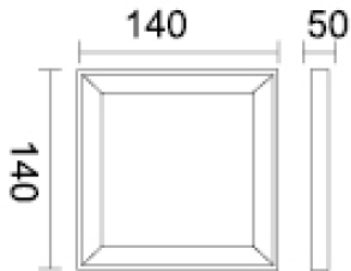

# GLAYRA

The Glayra LED Wall Light combines modern design with practical performance, offering a sleek square form that enhances outdoor spaces. Built with durable aluminum and an efficient SMD LED, it delivers soft, glare-free illumination—perfect for pathways, walls, and architectural accents.

## FEATURES:

- Slim, modern square design
- Soft, uniform LED lighting
- Durable powder-coated aluminum body
- Efficient 12W SMD LED with thermal control
- Ideal for pathways, walls, and outdoor accents
- IP54 rated for outdoor use in covered areas

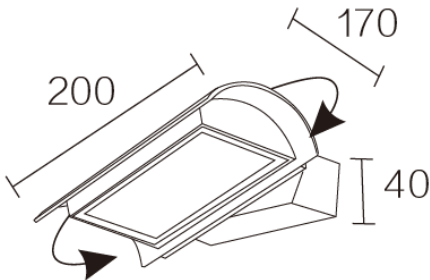

### BR-W122B

Size: 140×140×50mm  
LED Chip: SMD  
Material: Aluminum  
Wattage: 12W  
CCT: 3000K

# ZELORA

The Zelora LED Wall Light is designed with a sleek, curved profile that blends style with functionality. Made from durable aluminum and powered by a SANAN SMD LED, it provides warm, glare-free lighting ideal for pathways, walls, and modern outdoor spaces.

## FEATURES:

- Elegant curved design for contemporary spaces
- Soft, uniform LED illumination
- Durable powder-coated aluminum body
- Efficient 18W SMD LED with reliable thermal control
- Suitable for pathways, walls, and outdoor accents
- IP54 rated for outdoor installation in covered areas

### BR-W0333S-A-SMD

Size: 200\*170\*40MM  
LED Chip: SANAN SMD  
Material: Aluminum  
Wattage: 18W  
CCT: 3000K

## MOON W

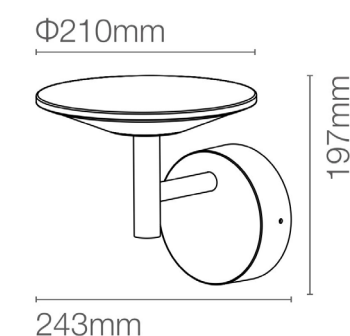

Bring the serene glow of moonlight to your outdoor spaces with the MOON W wall light. Designed for both style and performance, this contemporary fixture casts a soft, even illumination that enhances patios, entrances, and garden walls. Crafted from premium powder-coated aluminum, it combines minimalist elegance with weather-resistant durability, ensuring long-lasting beauty in any climate.

### FEATURES:

- Minimalist, moon-inspired design
- Glare-free, uniform LED lighting
- Durable aluminum construction
- IP54 weather protection
- Wide, balanced light spread
- Efficient thermal management

### BR-W202296

Size: H 600mm | Ø 210mm  
Light Source: Integrated LED  
Material: Aluminum  
Mounting: Wall

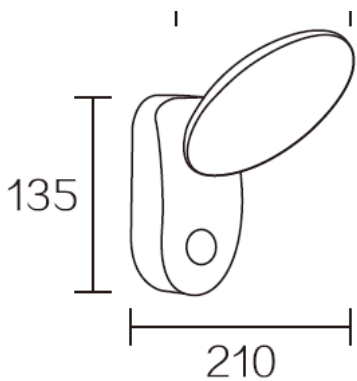

# NOROA

NOROA is a stylish and functional adjustable wall light. Its unique design features a tilting, elliptical head that allows you to direct light precisely, making it ideal for creating dynamic lighting effects on a wall.

## BR-W0336RD

Size:135\*60\*210MM  
LED Chip:SANAN SMD  
Material: Aluminum  
Wattage:12W  
CCT:3000K

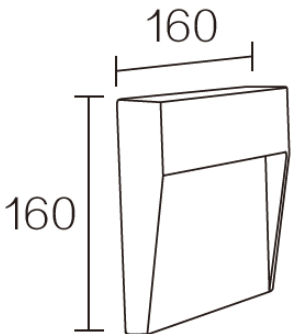

### FEATURES:

- Can be tilted up to 90 degrees
- Can change the direction of the light.
- High-color rendering light output.
- High-quality materials
- Secure wall mounting
- Specific dimmer switches

# FLARE

A sleek, minimalist outdoor wall light that casts a beautiful, downward flare of light. It's designed to provide both functional illumination and a modern aesthetic, making it ideal for accenting architectural features and pathways.

## BR-W805L

Size:160\*160MM  
LED Chip:SANAN SMD  
Material: Aluminum  
Wattage:3W/2W  
CCT:3000K

### FEATURES:

- Durable materials
- For outdoor use
- Integrated LED for long-lasting
- Clean lines and a subtle texture
- Focused downward light reduces glare
- Reliable performance and easy installation

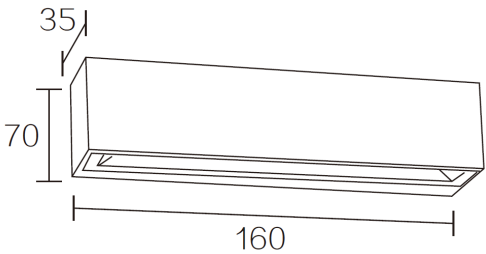

# MARS

MARS is a sleek, rectangular wall light with a minimalist design. Its clean lines and linear form make it a perfect fit for modern interiors and exteriors, providing a uniform wash of light.

## FEATURES:

- Even spread of light
- Box-like shape
- Suitable for both indoor and outdoor
- High-grade materials
- Excellent performance and longevity.
- Light produces colors accurately

### BR-W202312-1/160

Size:160\*70\*35MM  
LED Chip:SANAN SMD  
Material: Aluminum  
Wattage:6W  
CCT:3000K

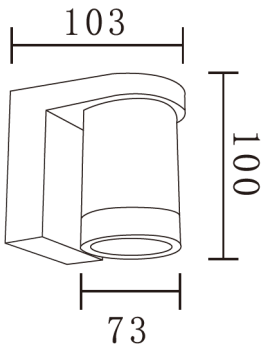

# HALO

HALO is a compact and versatile cylindrical wall light designed for architectural and facade lighting. Its focused light beam is perfect for highlighting specific features or providing accent lighting on walls.

## FEATURES:

- concentrated beam of light
- Made from robust materials
- suitable for both indoor and outdoor
- cylindrical form blends seamlessly
- high-performance LED chip
- Low energy consumption

### BR-W202363-1

Size: 103\*73\*100 MM  
LED Chip: Bridgelux  
Material: Aluminum  
Wattage: 7W  
CCT:3000K

## NOBLE

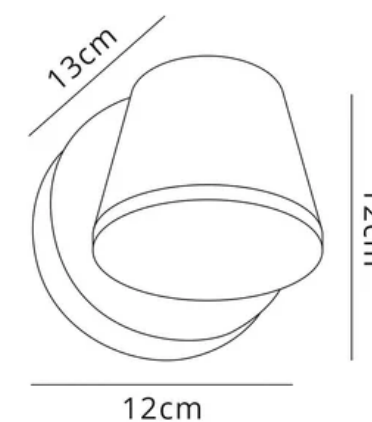

Modern, stylish black wall light with a conical or drum-shaped shade that casts a downward glow, adding a contemporary and focused illumination to any indoor space.

### FEATURES:

- Contemporary matte black finish
- Directional cone
- drum shade for focused light
- Suitable for dry locations
- Easy to install
- Dimmable
